Dear colleagues and friends,
it is a great pleasure and privilege for us to
welcome you to the University of Padova for
the Summer School “Advanced Liver Disease
and beyond”.

We are very grateful for the support of the
University of Padova, that with its contribution
allowed us to organise this meeting, and for
the presence of the colleagues from the
University of Leipzig, which makes the
Summer School a unique event worldwide.

Thanks you for coming, we hope you will
enjoy the School.

Warmest regards

Prof. Fabio Farinati

Director of the Department of Surgery, Oncology and
