

12 OTTOBRE 2023

15:00 - 18.00

AULA NIEVO PALAZZO BO

WORKSHOP ON COMPUTATIONAL FINANCE

KICK-OFF MEETING OF THE MASTER IN COMPUTATIONAL FINANCE

The world of finance and insurance is rapidly evolving, with a pervasive presence of quantitative and computational methods. Technology is providing new solutions while new risks are emerging in the markets. In this workshop, we will discuss the importance and the challenges of Computational Finance with professionals from financial and insurance institutions.

Invited speakers

- Luca Fiammengo (Prometeia)
- Agnese Niccolò (Generali)
- Andrea Pallavicini (Banca Intesa Sanpaolo)
- Alberto Ronco (Simgest)
- Walter Vecchiato (Banca Ifis)

Program

15.00: welcome address
15.30 - 17.00: presentations
17.00 - 18.00: roundtable
