# 4M INTERNATIONAL WINTER SCHOOL 2025

February 17-21  
Padua, Italy

**META-RESEARCH, MEASUREMENT  
MULTI-LAB, MULTIVERSE DATA ANALYSIS  
in Behavioral Sciences**

## AIM

The Winter School is designed in response to the ongoing debates about methodological challenges in behavioral sciences, which have significant implications for **theory**, **measurement**, and **data analysis**. Our goal is to introduce participants to the most recent **advancements in meta-research**, offering them both theoretical insights and **practical tools** to address these challenges and conduct **methodologically rigorous research**. Also, we aim to enhance participants' **collaborative networks** by encouraging discussions of their ongoing research projects with teachers and peers to establish new collaborations with international scholars, and to apply new tools to their current research.

## WHO CAN APPLY?

Ph.D. students, post-docs, and other early-career researchers in psychology and related fields of behavioral sciences

## HOW MUCH DOES IT COST?

The registration fee is €350. Discounts and exemptions are available for individuals with disabilities or from disadvantaged/low-income countries. The registration fee includes participation in all school activities, coffee breaks, lunches, and a social dinner (with various dietary options available).

APPLICATIONS OPEN ON
