ULISSE PROGRAMME

A. Y. 2025/2026

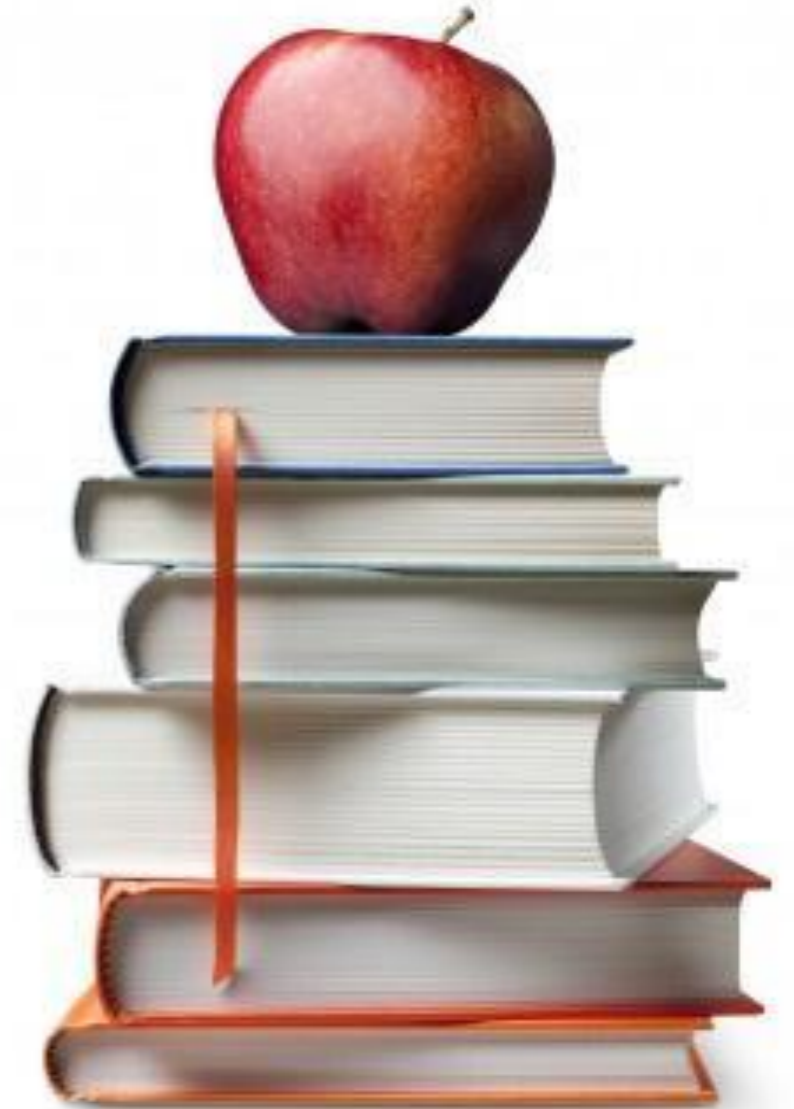

Projects & Mobility Office

WHY?

From an academic point of view...

- You will have a **personalized study plan**. It will be reported in the Diploma Supplement
- You can choose subjects that are not taught at UNIPD.
- You can attend courses at partner Universities, without paying additional fees.
- You will experience different ways of studying and of “living” your University life!
- It might open new possibilities for your professional future

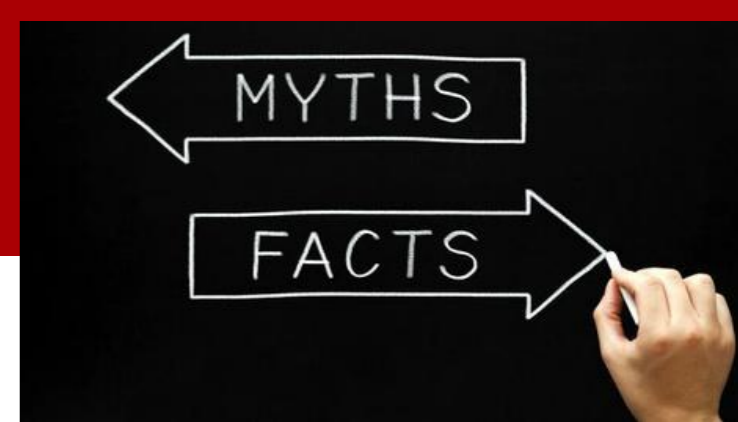

From a personal point of view...

- You will make new experiences
- You will get to know new cultures
- You will master your language skills
- Develop an international identity
- You will enrich your cv

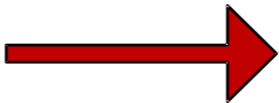

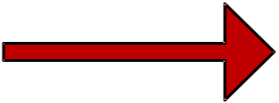

- You will **develop crosscutting competencies** : **problem solving, flexibility, teamwork, cultural differences management, etc.**

Did you know that «studying abroad gives you an additional 10% of chance of getting employed within 1 year from the graduation?» (Almalaurea 27/07/2016)

COMMON MYTHS AND MISCONCEPTIONS

- The exams won't be recognized  Unipd ensure the **recognition of all the acquired credits** as agreed in the Learning Agreement
- Learning a new language  You will master your skills, but you need to already have a good level when you apply
- I'm afraid of loosing time going on international mobility  Only if you don't choose the destination carefully

It is a UNIPD mobility Programme. You can find here destinations which are not present in other mobility programmes.

We have destinations in 5 continents: **Europe, America, Asia, Oceania and Africa**

The mobility period can last **from 2 to 12 months** (depending on the chosen destination). It has to be completed between **01/07/2025 and 30/09/2026**.

Please check partners' availability.

Accommodation and visa procedures are students' responsibility

ULISSE PROGRAMME VS ERASMUS+

- Fundings are the main difference: European vs University/Department funds
- Ground rules are the same
- Ulisse mobility is compatible with other programs
- Erasmus+ Destinations change every year

Erasmus+ Call: www.unipd.it/erasmus-studio

WHO CAN APPLY?

- UNIPD regularly enrolled students: bachelor, master or PhD

REQUIREMENTS

- For bachelor/single-cycle master's degree students: at least **40 CFU** already registered; **15 CFU** for first year students
- For non-EU citizens: valid **residence permit**
- Language/specific requirements set by **partners**

DESTINATIONS

There are two types of destinations:

- «Di **Ateneo**»: every Unipd student can apply
- «Di **Dipartimento**»: only students from some course can apply.

You can apply for **2 destinations or 2 funding options of the same destination**

Students **will win just for 1 destination** and won't appear in other rankings

Order of preference is important

Students who already went to a certain destination with Ulisse cannot apply again for the same destination
